

Charity Ball Request Application

The application process is very important to us because:

- We want to make sure that each Charity Ball is hand-delivered only to qualified kids who meet our criteria.
- We want to be able to demonstrate through digital images and a written report that each Charity Ball made it to its recipient.

Charity Ball Criteria

1. Kids who are living in impoverished conditions
2. Kids who do not have their own soccer ball
3. Kids who want, but can't afford their own ball
4. Kids whose parent(s) or guardian(s) are unlikely ever purchase them a soccer ball because they can't afford it.
5. Kids who have never received a Charity Ball

Charity Ball wants to make sure that donors know that their donations are making a difference. One way we do this is by posting the picture of each recipient with his or her new ball on our website's recipient gallery. To do this, we must get written consent from a parent or guardian. (Upon approval, charity ball will send you a photo release form) In addition, Charity Ball requires that a short written report be submitted so that we can post your project's impact on our web site.

Are you committed to making these things happen?

Yes No

Have you/will you make all necessary customs arrangements to ensure that each Charity Ball will pass through Customs?
